Deck Chair

Hans J. Wegner

The Deck Chair is serving exactly the purpose that the name implies and stands as an obvious archetype. Nevertheless, it refers to a number of earlier Wegner designs and is basically derived from the pp512 Folding Chair and the beautiful but rare Dolphin Chairs, adding an adjustment mechanism for the back very similar to the one on the pp530 Tub Chair.

Despite the number of references, the Deck Chair seems to be concluded with simple means. It is an elegant and agile recliner, and although it is not made for permanent outdoor use, the flag line and the light construction will encourage one to bring it out to enjoy a sunny afternoon under the blue sky.
